EDUCATION

2019 - 10th

TELINIPARA MAHATMA GANDHI
VIDHYAPITH HIGH SCHOOL

• WBBSE

2021 - 12th

GARULIA GIRLS' HIGH SCHOOL

• WBCHSE

2022

JIS COLLEGE OF ENGINEERING

• 3rd year Student in CSE

SKILLS

- Project Management
- Time Management
- Effective Communication
- Critical Thinking
- Programming Languages -
*Java * JavaScript * C++

LANGUAGES

- English (Fluent)
- Hindi (Fluent)
- Bengali (Basics)

PROFILE

As a 3rd-year BTech Computer Science and Engineering student, I am committed to continuous learning and upskilling myself. I possess strong leadership skills, demonstrated through successfully managing team projects and actively participating in college hackathons. My dedication to learning and growth drives me to seek new challenges and opportunities to enhance my technical and professional abilities.

PROJECTS

Snake Game Java + DSA

- Created a fully functional, visually appealing, and engaging classic Snake Game.
- Demonstrated expertise in Java programming and the practical application of data structures and algorithms.
- Enhanced problem-solving skills by addressing real-time game development challenges and implementing efficient solutions.

Tic Tac Toe Game HTML, CSS, JavaScript

- Created a fully functional, visually appealing Tic Tac Toe game with a smooth user experience.
- Demonstrated proficiency in front-end web development and the ability to build interactive web applications.
- Enhanced problem-solving skills by implementing efficient game logic and handling edge cases.

Portfolio Website HTML, CSS, JavaScript

- Created a professional and visually appealing portfolio website to showcase personal projects and skills.
- Demonstrated proficiency in front-end web development and responsive design.
- Enhanced user experience through interactive elements and smooth navigation.

EXPERIENCE

PROJECT Intern At Cipherbyte Technology

JUNE 2024 - AUG 2024

PROJECT Intern At Prodigy Infobyte

AUG 2024 - SEPT 2024
